

Agape Construction Company, an Award-Winning RESIDENTIAL Design Build Remodeling Company based in Kirkwood, MO, is Seeking a **PROJECT MANAGER**. Agape has been in business for 35 years. We are an honest, well respected company with an A+ rating from the St. Louis Better Business Bureau.

Job Description: Reporting to the Production Manager, the Project Manager is responsible for completing each assigned RESIDENTIAL REMODELING project on budget and on schedule while maintaining a good relationship with the client. He is responsible for supervising the Lead Carpenter and his crew as well as all applicable subcontractors in accomplishing this task.

The ideal candidate will:

- Have a minimum of 5 years of experience managing multiple concurrent RESIDENTIAL REMODELING projects
- Have field experience as a carpenter
- Be able to efficiently read and interpret blueprints, truss drawings, site surveys, and material specifications
- have experience estimating and can manage jobs by the numbers
- be computer proficient in QuickBooks, Outlook, Excel, Word
- Have good analytical skills, able to make decisions and solve problems
- Have excellent organizational skills and ability to multi-task
- Be detail oriented while keeping an eye on the big picture
- Have good follow through and follow up; be completion-oriented and deliver on commitments and promises
- Have a clean background check

Advantages of working for our Company:

- Paid holidays, vacation, and PTO
- Great health, dental and long term disability insurance benefits
- Matching Simple IRA benefit, profit sharing and more
- Good work/life balance
